Dear Colleagues,

With utmost pleasure, we invite all Anatomists to Sri Lakshmi Narayana Institute of Medical Sciences Pondicherry to attend the 43rd Annual Conference of Association of Anatomists Tamil Nadu - **PUDUCON'22**

We hope this conference provides an ideal academic platform for all the Anatomists, Research scholars, Postgraduates, and Undergraduates to present their latest research findings. It also provides medical educators to discuss emerging technologies and methods in teaching-learning activities of Gross & Clinical Anatomical Science.

We are looking forward to seeing you this October in SLIMS, Pondicherry

# Guidelines for Oral & Poster presentation

## **ORAL PRESENTATIONS**

Those who wish to present the research papers are required to submit an abstract of their oral presentation via the Abstract Online Submission Form, on or before 1<sup>st</sup> October 2022 Those who are not a member of the Tami Nadu association of anatomist should pay 300/- rupees as annual membership fee.

### **Organization of Oral Sessions**

Each scientific session is scheduled as a one-hour session.

At each session, a faculty moderator will introduce the presenter and keep a track of the scheduled presentation. Three faculty judges will be evaluating the presentations at each session.

There will be four parallel sessions for undergraduates (two each in the first & second-floor lecture halls of the college building) and those who are presenting more than one paper should check the timing of each presentation in advance to avoid conflicts. The Program Committee will try to minimize conflicts of topics between parallel sessions.

Each oral presentation hall is equipped with a computer, LCD projector, and a microphone for your oral presentation. Lecture hall computers are equipped with Windows 10 as well as Microsoft PowerPoint 2019 and Adobe Acrobat Reader DC.

Those who prepare the presentations in Apple's "Keynote" presentation software, please save your presentation in PDF format. Mac Users working in PowerPoint are advised to use True-Type fonts whenever possible to avoid formatting issues when viewing on a PC.

Please note that Internet access will not be available during your presentation.

During each session, a presenter will have 07 minutes to present, followed by three minutes for questions and discussions from the audience and judges.

### **Guidelines for Oral Presentations:**

All the presenting authors are requested to report to the Oral presentation hall at least 15 minutes prior to the session, transfer the presentation to the desktop computer, and verify their presentation for compatibility and proper operation.

Since the total time allotted to each speaker is 10 minutes, you should plan to speak for 07 minutes and leave 03 minutes for discussions/questions.

A good rule of thumb is that it takes an average time of one minute to present one slide, so it is advised that the number of PowerPoint presentation slides should not be more than ten, including the title and final slide.

Practice your presentation in advance so that you know it will be within the 10-minute mark.

### **Technical instructions for PowerPoint Presentations**

Make sure your PowerPoint presentation is in 16:9 ratio (Widescreen).

Videos must be embedded in PowerPoint.

Do not use links to YouTube or other web services in your presentations.

If you used fonts that are not included in the Windows 10 system, you should bring such fonts in flash drive and load the same to the lecture hall computer ahead of your presentation.

Use special effects sparingly. Use animations, cool transition effects, sounds, other special effects, etc., only when they are necessary to make a point.

For the safer side, you should have a backup copy of your presentation materials on your laptop/flash drive/ e-mail and you should bring your own Laser pointer.

## Instructions to prepare & display the Posters (for Faculty, PG & UG)

- The poster presentation area is located in the atrium (central open area) of the first floor of the college building.
- One poster board is allocated to each presentation. Those who participate in the Poster presentation should display their Posters around 8.00am in the specified slot.
- Each poster should be displayed for a full day (8:00 am to 4:00 pm). The posters can be removed after 4.00pm.
- The presenting author should be available during the entire poster session (9.30 to 11am) for answering the queries of the audience. Judges will be evaluating the posters from 10 am to 11 am.
- The recommended poster size is 3x4feet i.e **Landscape format** of 36 inches high by 48 inches wide ( 92 cm x 122 cm )

Posters must be mounted using push pins provided by the organizing committee. All text must be easily readable from a distance of 1 to 2 meters. The title of your poster should be done in block letters which are AT LEAST 80 to 100pt., subheadings 48pt., and body text at least 24pt (small letters won't be legible from a distance of 1 to 2 meters). All graphs and charts should be AT LEAST 25 X 30 cm (approximately 8.5 x 11 inches) or larger.

### Instruction for UG students who participate in Competitions

#### **Quiz competition**

- 2 teams per college & 3 students in one team
- According to the number of teams, there will be a preliminary evaluating round to reduce the number of teams for the final round.

#### **Body painting competition**

- Limited to Face, Neck, upper limb & lower limb
- 3 students including the model
- Participants should explain the painting to the judges during the evaluation

#### **Model-making competition**

- Internal organs & Embryology models
- 2 students only allowed
- Participants can choose any material of their choice. Bring the materials for the preparation and make the models within the specified time
- Participants should explain the models to the audience and the judges

*Further instructions regarding the competitions will be shared in the conference WhatsApp group*
